DAHLIAS

1934

JESSIE L. SEAL

607 Third Ave.
SAN FRANCISCO

1934

It is with pleasure we present this, our latest Catalog, to Dahlia lovers throughout the entire country, and express our deep appreciation for the liberal support accorded us.

The many letters from our customers telling of their pleasure and successful winnings with our dahlias and seeds have been a continual source of gratification and inspiration.

Do not hesitate to write and ask for any information.

This past season it was enjoyable to meet so many of our dahlia friends at our gardens, located on Kentfield Avenue in Redwood City, San Mateo County, the floral county of California, where the climatic conditions allow a proper growth for experimental purposes. Dahlias grown under these conditions should do well in any part of the world. We always have the very latest varieties of dahlias—Eastern and Western—including the best and most sensational of the day, and the finest of old standard ones.

With continued thanks for your loyalty, and the hope that this catalog will be of further interest, we wish you all success and great pleasure with your dahlias for the coming season.

ROLL OF HONOR

DAHLIA

A great Informal Decorative of true yellow. H. R. S. was placed on the Roll of Honor in the East, where it was sent to Mr. Derrill W. Hart for trial. Gained its place because of its distinctive long petalled bloom, fine form and size. Many growers consider it by far the finest yellow, and the best dahlia we have originated. It is an excellent plant; insects do not bother the foliage.

The golden yellow blossoms are huge without forcing and are held high on long, stiff stems. The stock has never been propagated.

A large stock allows us to offer it at **\$10.00** a root.

SANTA BARBARA (Pelicano) F.D. An outstanding dahlia of clear pink with just a suggestion of salmon pink.\$1.00

SATAN (Ballay) S.C. Flaming red with a slight touch of gold at the center. The exquisite coloring is at once fascinating, but what formation and stems. The horn-like petals, so perfectly rolled and incurved, give rare form and character to a flower of unusual brilliancy. The rugged, almost leafless, stems give the impression of being nearly as thick at the top as at the base. No dahlia in existence, we believe, is more sensational and spectacular than this giant cactus, and it appears to be the most popular dahlia in the world today. Wherever exhibited it becomes the general favorite. Great number of prizes won as Best or Largest in many of the leading shows in different parts of the country, including an Achievement Medal. On Roll of Honor. \$7.50

SEAL'S CALIFORNIAN (Seal-Newsom) F.D. This is an immense Roll of Honor dahlia. A bright golden yellow at the center with a suffusion of red-amber on the reverse and through the outer petals. Is suggestive of the most fragile wax work. The stems are straight, stiff and cane-like. Root.....75c

SEAL'S ROSE (Seal 1934) F.D. New. A lovely rose pink Decorative with a darker pink center. Stiff stems. Flowers remain on bush for many days—they are very bright, large and beautiful. Strong growth.\$3.50

SHAHZAD (Newsom) I.D. Deep rose pink. This is a gorgeous new variety that has been aptly described by the originator as a deep pink Jane Cowl. The flowers will grow to a foot in diameter with good substance and depth and are held on rigid, erect stems. Roll of Honor.....\$2.00

SINDBAD OF THE SEA (Newsom) F.D. Huge size, fine stems, perfect form. Color vivid scarlet. One of the best.....\$2.00

TANG (Downs) I.D. Tawny orange flame with twisting petals. Very large.....\$2.00

Seal's Dahlia Seed

Mrs. Alfred B. Seal,
